My sources and fact cards

Name _____ Period _____

Cite at least two sources. Then build 16 fact cards from them (on the next pages or the cut-out cards). Write the details in your own words, or as a paraphrase; you may add a short quote or a statistic in quotation marks. Encyclopedias and textbooks (like Wikipedia) help you find sources, but don't count as one.

Source 1

Kind: website · article · book · primary source · recording

Author (last, first)

Date published

Title of the page, article or book

Website, publication or publisher

Fact cards

Each card: a short name, the fact as your show will say it, then the details: who, what, when, where, and why it matters. Check that it's specific, important and in context.
